Next Generation Sunshine State Standards

**LA.K.1.6.1**
The student will use new vocabulary that is introduced and taught directly;

**LA.K.2.2.2**
The student will retell important facts from a text heard or read;

**LA.K.4.2.3**
The student will participate in a group setting to identify the topic as expressed in informational/expository text, and discuss related details;

**LA.K.5.2.1**
The student will listen carefully and understand directions for performing tasks (e.g., three or four-step oral directions);

**LA.K.5.2.2**
The student will listen attentively to fiction and nonfiction read-aloud and demonstrate understanding;

**SC.K.L.14.3**
Observe plants and animals, describe how they are alike and how they are different in the way they look and in the things they do;

**SC.K.N.1.4**
Observe and create a visual representation of an object which includes its major features and

**VA.K.C.1.1**
Create and share personal works of art with others.
This free program will be lead by Anastasia Mosquito Control District staff that will meet with individual classes in their own rooms to present our 45-minute program. We will bring all handouts, books and insects to your classroom but we please ask that you have glue sticks, crayons and scissors available for the day we arrive.

Prior To Visit: Inquire what students know or would like to know about mosquitoes.

Presentation Day: One or more Anastasia Mosquito Control District staff will visit individual classrooms to 1) Read the Misunderstood Mosquito aloud to the class; 2) Demonstrate how mosquitoes are controlled naturally; 3) Facilitate mosquito model art activity.

Following the Visit: Review topics covered on presentation day with students. Complete optional activities provided in the mosquito work booklet.
The Misunderstood Mosquito Book

The Things You Thought You Knew About Mosquitoes.
Mosquito Fish Activity:
observering mosquito fish eating mosquito larvae
Art Activity: making your own mosquito

Mosquito Puppet!

Mosquitoes have different body parts. Just like you, mosquitoes have different body parts! Make your own mosquito puppet by following the instructions below!

INSTRUCTIONS

1) Match the Letters with the correct body part of the mosquito.
2) Color the mosquito and his wings.
3) Cut out the mosquito and his wings around the dotted line.
4) Glue the cut out mosquito body to the popsicle stick.
5) Glue the cut out mosquito wings on top of the body you just glued to the popsicle stick.
6) Now that you have your mosquito puppet, take turns pretending to be a mosquito and name either one place mosquitoes like to live, or one way to help protect against mosquito bites!

Sunshine State Standards

LA.K.5.2.2 - The student will listen carefully and understand directions for performing tasks.
HE.K.S.3.2 - Demonstrate listening skills to enhance health.
